At our hospital, we recommend the use of the **'Direct Payment System for Childbirth Allowance'** for payment of childbirth expenses.

If you agree to the direct payment system, please submit the consent form.

※For more details, please contact the obstetrics and gynecology department.

## Direct Payment System

Under this system, the hospital claims the 500,000 JPY lump-sum childbirth allowance directly from your insurer and applies it to your delivery costs. At discharge, you only pay the balance after the deduction, so you can give birth without preparing a large amount of cash.

**Anyone who is eligible for health insurance can utilize the Direct Payment system.**

### Direct Payment System for Maternity Allowance

(Example) In the case of childbirth expenses being 550,000 JPY.
